

Mr. Don McCreesh (Baltimore, MD) visited Father Joseph in 2005 soon after the tsunami, and again in April 2006. An excerpt from one of his emails:

The thought that I always have when I think back on my visits to St. Joseph's is the incredible graciousness and hospitality that is shown to me. I've been overwhelmed by the many children that gave me precious gifts and special mementoes to express their love and appreciation. Items that I know that they treasured and are not easily replaced. I marvel at how these dear people with so little of the things of life are so willing to share them with me. It reflects their hearts and their priorities. They expect very little and show their gratitude for everything.

I hope that what I've written isn't too much, but the impact from my visits is too big to condense any more than this. Please do not hesitate to call upon me to help in any way. May God bless you all.

Thanks Again,
Don McCreesh
